

# Pool Mate

## YEAR ROUND SUMMER AND WINTER Algaecide

### Algae Control for Swimming Pools

- Controls growth of algae in swimming pools
- Prevents algae growth throughout the winter season
- For use in all pools treated with biguanide, chlorine, bromine, salt water or minerals

#### ACTIVE INGREDIENTS:

Alkyl\*dimethyl benzyl ammonium chloride  
\*(C<sub>14</sub>60%, C<sub>12</sub>25%, C<sub>16</sub>15%).....10.0%  
OTHER INGREDIENTS: .....90.0%  
Total.....100.0%

#### KEEP OUT OF REACH OF CHILDREN **DANGER**

See back panel for first aid and precautionary statements.

1-2110 L14000FP

1 qt

This product is efficient, economical and stable in use dilution. It is compatible with most chemicals used in pool water and will not damage tile, concrete, metal, or plastics. Do not premix with any foreign material, such as soap or other chemicals before application. This product works best when added by itself directly to pool water with the pump running. Wait 15 minutes before entry of swimmers. Pools with heavy growth of algae should be cleaned prior to using this product. Keeps pool water clear of visible algae and unsightly deposits. It improves filter operation and reduces the need for other chemicals.

#### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**INITIAL APPLICATION:** Add 1 gallon per 50,000 gallons of pool water.

**MAINTENANCE DOSE:** Add 32 ounces per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

**BOOSTER DOSE:** Immediately after every rain, add one quart per 50,000 gallons of water.

**WINTER DIRECTIONS:** For pools that have been properly maintained during the swimming season and are free of visible algae add 16 ounces per 10,000 gallons of water. For pools that have some visible algae growth at the end of the swimming season add 64 ounces per 10,000 gallons of water. Be sure to circulate the water for 2 to 4 hours prior to closing.

For best results, the mixture should be distributed equally around the edge of the pool with the filter running, and the pH and chlorine levels in the acceptable range.

**IMPORTANT:** Follow all directions even when pool is not in use.

#### PRECAUTIONARY STATEMENTS

##### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER: CORROSIVE:** Causes irreversible eye damage and skin burns. DO NOT get in eyes, on skin or on clothing. Wear protective eyewear (goggles, safety glasses or faceshield), protective clothing and protective gloves (chemical resistant or rubber gloves). Harmful or fatal if swallowed, absorbed through the skin, or inhaled. DO NOT breathe vapor. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

#### FIRST AID

**IF IN EYES:** Hold eyelids open and rinse slowly with water for 15 - 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**IN CASE OF EMERGENCY Call 1-800-654-6911**

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms.

#### STORAGE AND DISPOSAL

Keep this product dry in tightly closed container away from persons and children unfamiliar with its use. Store in cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available. If not, discard in trash.
